April 2011

On April 20, 2011 the annual Citrus Mechanical Harvesting and Abcission Program field day will be held. This year’s program is entitled “Getting Ready for Mechanical Harvesting with Abcission.” The field day will be held at the Southwest Florida Research and Education Center in Immokalee starting at 7:30 am – 2:00 pm starting with a visit to our model grove to observe several demonstrations. A sponsored lunch will be provided. Please RSVP to help accurately order lunch. An agenda for the field day is posted at our website <http://citrusmh.ifas.ufl.edu>. For more information and lunch reservations, please call Barbara Hyman at (239) 658-3461.
